**The Building Committee is asking for your help....**

In preparation for our discussions with the architect, Butler Rosenbury from Springfield, we're trying to get more detailed input on items that the congregation would like considered in developing a plan for remodel or expansion of our facilities in support of our ministries. The opportunity for participation in a variety of specific topics for small group meetings to share your feedback are coming up, please plan to plug yourself into one or more of these sessions listed below. If you are unable to make those times but have items you'd like included in the discussion please drop a note to the office or pick up a questionnaire form and return it before July 15<sup>th</sup>.

The next step is for the Building Committee to meet with the architects during the summer to guide the development of at least one design concept. Once we have a reasonable plan to present there will be more town hall sessions to share those ideas with the congregation to help fine tune a preferred proposal to bring to a vote.
